

earthwidget.h

```
graph TD; A[earthwidget.h] --> B[QOpenGLWidget]; A --> C[QOpenGLFunctions];
```

The diagram illustrates a header file, `earthwidget.h`, at the top level. Two blue arrows point downwards from this header to two separate boxes below it: `QOpenGLWidget` on the left and `QOpenGLFunctions` on the right. This suggests that `earthwidget.h` defines or inherits from both of these classes or functions.

QOpenGLWidget

QOpenGLFunctions
